

Miraculous Benefit
RECEIVED FROM
Dr. Miles' New Heart Cure.

LI P. BABCOCK, of Avoca, N. Y., a veteran of the 2nd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I labored until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

AT CHICKAMAUGA CAMP

Twelve Thousand Men
Report to Brooke.

Several Regiments From Indiana, Illinois and Ohio—General Brooke Will Appoint a Number of Brigadier Generals From the Volunteer Commanders. Ninety-two Thousand Men Representing Eighteen States Have Been Mustered Into the United States Service. General Miles Says There Will Not Be Another Call For Troops For Some Time—Spanish Warships Off Ecuador.

Washington, May 18.—The official bulletin boards fail to yield any news of the movements of either of the three fleets—Sampson's, Schley's and the Spanish flying squadron—and there is reason to believe that the department itself has received no information on that point. Every day there is talk of a change in the naval plans brought about by some movement of the Spanish squadron, but what the latest phase of campaign is nobody outside of the war board is competent to say.

The general impression is that no particular effort is to be made just now to pursue the Spaniards so long as they keep within the confines of the Gulf of Mexico and the Caribbean sea, but that Sampson and Schley, in combination, will encircle the island of Cuba, maintain the blockade and convey troops across the Florida straits if necessary, meanwhile simply keeping a watch on the Spanish flying squadron to see that it does not do mischief either to the Atlantic, or by escaping into the Caribbean, to the seaboard cities. By this plan the military and naval officials might hope to silence the rather severe criticisms that are being expressed because of the delays in opening the military campaign in Cuba itself.

Want the Campaign Hastened.

Considerable pressure has come upon the administration from congressional quarters to have the campaign hastened

A doctor who prescribes a dozen different remedies for the symptoms of one disease is like an old-time tincture key lugging about a ponderous bunch of keys, each one to open a different door. When anyone's blood is thin and watery and poisoned with bilious impurities this condition will show itself in every part of the body and the average doctor gives one medicine for the stomach, another for the head, a third for the lungs and so on; as if each particular symptom was a separate disease of misery to be unlocked with its own particular key; but the scientific, experienced physician looks deeper and seeks the one master-key which unlocks them all.

Thirty years ago Dr. R. V. Pierce, of Buffalo, N. Y., found the wonderful "Golden Medical Discovery" which has since made him famous. It is the perfect master-key which unlocks every torture chamber of weakness and pain caused by faulty action of the digestive system. It gives the stomach and blood-making glands power to produce the healthy blood which drives out all impure disease germs and waste products, and builds up healthy tissue, solid muscular flesh and nerve energy.

Mr. J. W. Britton, of Clinton, Dewitt Co., Ill. (P. O. Box 45), writes: "For over a year I was troubled with 'liver complaint,' had no appetite, could keep nothing on my stomach and had severe pains in my stomach and bowels. I doctored with home doctors but did not obtain relief until a friend advised me to take Dr. Pierce's Golden Medical Discovery. After taking four bottles I think myself cured, as I can eat anything I want and my food never hurts me. Thanks for your medicines. I cannot say too much in favor of them."

For constipated conditions Dr. Pierce's Pleasant Pellets are the best simple, comfortable laxative. They never gripe. Accept no substitutes or imitations.

and there are thought to be signs of a resumption of the plans of the military leaders for the invasion of Cuba at the point where they were suddenly suspended by the announcement of the arrival of the Spanish flying squadron at Martinique. One sign of this was the inclusion in the regular army orders of a direction to Captain Alger to go to Tampa to join General Miles.

The department professes to feel no apprehension that Admiral Dewey or his men are in any wise endangered by their occupation of Manila harbor on the present basis, but this cannot be said of the unfortunate inhabitants of Manila if the present situation is protracted unduly.

There are indications that the war department has been brought to see the wisdom and fairness of the suggestions thrown out by Major General Merritt

ADMIRAL DEWEY,
[Commander of the Spanish Flying Squadron.]

that his expedition to Manila should consist of not less than 15,000 men and that at least a third of them should be seasoned troops from the regular army, capable of meeting on even terms the veteran Spanish soldiers who garrison Manila.

To endeavor to overcome the Spanish force with less than half their number of troops would seem to be a senseless proceeding in view of the fact that there is no necessity for such a course. General Merritt took occasion to deny very emphatically the accuracy of certain newspaper interviews published yesterday which placed him in the position of refusing to obey an order to proceed to the Philippines because his force was insufficient.

Reports received here from Key West show that the condition of the little torpedo boat Winslow is much worse than was supposed, and it will be necessary in all probability to have her come to Norfolk for repairs. One shot smashed her low pressure starboard cylinder and another traversed one of her boilers. It would be possible to get along under one boiler and reduce the starboard engine from a quadruple to a triple expansion, but the efficiency of the boat would be very much lowered thereby.

General Miles, commanding the army, said yesterday that it was not the intention of the president to call for an additional number of volunteers at this time. It is suggested that such a call at present would be a little premature in view of the fact that but a little over 80,000 of those troops already called for had been mustered into the service of the government.

CHICKAMAUGA.

Brigade Assignments Made by General Brooke—Men in Camp.

Chickamauga National Park, Ga., May 18.—Last night 11 regiments of infantry, one of cavalry and five light artillery, 12,000 men all told, had reported to General Brooke, in command of the Chickamauga army. The different regiments have been provided with camping grounds, tents and equipments as rapidly as possible and the historic battlefield begun to present proof of what the United States can do in the way of assembling a volunteer army when the necessities of the government require.

General Brooke has completed the assignments for the first division of the Sixth provisional army corps, Major General James H. Wilson commanding, as follows:

First brigade—Brigadier General A. S. Barr; First Ohio, Colonel Hunt; Third Wisconsin, Colonel Martin T. Moore; Fifth Illinois, Colonel J. S. Calver.

Second brigade—Brigadier General C. E. Compton; Fourth Ohio, Colonel A. B. Colt; Third Illinois, Colonel Fred Bennett; Fourth Pennsylvania, Colonel D. B. Case.

Third brigade—Brigadier General H. W. Lawton; Sixteenth Pennsylvania, Colonel Huling; Second Wisconsin, Colonel C. A. Born; One Hundred and Fifty-seventh Indiana, Colonel George M. Studebaker.

The first battalion, First Ohio light artillery arrived yesterday with 406 men and officers under command of Major Charles T. Atwell.

The One Hundred and Sixtieth Indiana, 12 companies, 1,026 officers and men, arrived last evening. The regiment is commanded by Colonel George W. Gunder.

The One Hundred and Fifty-eighth Indiana infantry arrived at Chattanooga at 9 o'clock last night. The regiment has 1,024 officers and men and is commanded by Colonel Harry B. Smith. They were sidetracked at the barracks switch and reached the park this morning.

The Second Ohio infantry has arrived. The regiment has 11 companies, 816 officers and men, and is in command of Colonel J. A. Kner.

There is a scarcity of brigadier generals for the provisional army and General Brooke will appoint brigadiers for his provisional army from the ranking officers of the various regiments as they report for duty.

All the troops so far arrived have

CAVITE ARSENAL EMPTY

An Archbishop's Appeal
In Behalf of Spain.

American Newspaper Correspondents Arrested in Havana Are Locked Up as Spies and Will Not Be Treated as Prisoners of War—Spanish Torpedobomb Destroyer Terror Expected to Leave Port De France Today.

Hong Kong, May 18.—The steamer Esmeralda, which has just arrived from Manila with 400 refugees, chiefly Chinese, reports that the United States cruisers Concord and Boston are going to Iloilo, where they expect prompt capitulation and to recapture the American ship Saranak with a cargo of coal. The blockade at Manila is extremely rigid and several foreign ships have been refused admittance.

The rebels are useless as allies of Admiral Dewey. They are utterly disunited, quite half of them being in favor of Spain. The Cavite arsenal was found empty. Colonel Miguel of the artillery, committed suicide because he discovered that the ammunition was non-existent.

Captain General Augusti is trying to conciliate the rebels and has authorized the establishment of native councils. The archbishop of Manila, in a pastoral issued on the 8th inst., said:

"Christians, defend your faith against heretics who raise an insuperable barrier to immortal souls, enslave the people, abolish crosses from cemeteries, forbid pastors to perform baptism, matrimony or funeral rites or to administer consolation or grant absolution."

Pending the arrival of troops from the United States, the Americans defer hostilities ashore.

Two Spanish Gunboats Reported at Guayaquil in Violation of Neutrality Laws.

San Diego, Cal., May 18.—Captain Leutze, commanding the U. S. S. Alert, now in harbor, reports that there are two Spanish gunboats of about 150 tons at Guayaquil, Ecuador, and that they have been there much longer than neutrality laws allow. This is the first news received of any Spanish warships being on the west coast of America. The news was given to Captain Leutze by the captain of a Panama steamer which called at Guayaquil.

USELESS AS ALLIES

Are the Philippine Rebels to Admiral Dewey at Manila.

CAVITE ARSENAL EMPTY

An Archbishop's Appeal In Behalf of Spain.

American Newspaper Correspondents Arrested in Havana Are Locked Up as Spies and Will Not Be Treated as Prisoners of War—Spanish Torpedoboot Destroyer Terror Expected to Leave Port De France Today.

Hong Kong, May 18.—The steamer Esmeralda, which has just arrived from Manila with 400 refugees, chiefly Chinese, reports that the United States cruisers Concord and Boston are going to Iloilo, where they expect prompt capitulation and to recapture the American ship Saranac with a cargo of coal. The blockade at Manila is extremely rigid and several foreign ships have been refused admittance.

The rebels are useless as allies of Admiral Dewey. They are utterly disunited, quite half of them being in favor of Spain. The Cavite arsenal was found empty. Colonel Miguel of the artillery, committed suicide because he discovered that the ammunition was non-existent.

Captain General Augusti is trying to conciliate the rebels and has authorized the establishment of native councils. The archbishop of Manila, in a pastoral issued on the 8th inst., said:

"Christians, defend your faith against heretics who raise an insuperable barrier to immortal souls, enslave the people, abolish crosses from cemeteries, forbid pastors to perform baptism, matrimony or funeral rites or to administer consolation or grant absolution."

Pending the arrival of troops from the United States, the Americans defer hostilities ashore.

HELD AS SPIES.

American Newspaper Men Arrested at Havana Not Prisoners of War.

Madrid, May 18.—It is announced here in a dispatch from Havana that after the arrival of the Uncons off that port the two captured American newspaper men were examined and, it is added, that the inquiry revealed the fact that they could not be considered as prisoners of war, but must be locked up as spies, one being, it is claimed, a Cuban employed in Havana. It is further alleged that upon the prisoners were found revolvers, cartridges, interesting documents and a camera. Advice received here confirm the report that Freeman Halstead, the American newspaper correspondent arrested at San Juan de Porto Rico, was taken into custody while in the act of taking photographs of the fortifications. He has been courtmartialled and sentenced to a report for nine years.

A report is current here that the Spanish flotilla at Havana is about to make another sortie. The newspapers here assert that letters for Spain, even letters containing checks and other valuables, have been stopped at New York and destroyed. The papers demand that the government make reprisals upon American residents in Spain, especially in the case of the correspondence of American newspapers.

He Is a British Subject.

Ottawa, Ont., May 18.—The secretary of state is inquiring into the circumstances surrounding the arrest of Freeman Halstead, the newspaper correspondent under sentence of nine years imprisonment at San Juan. He is a British subject and the Canadian government will doubtless demand his release through the imperial authorities.

SPANISH TERROR.

Torpedoboot Destroyer Expected to Leave Port De France Today.

St. Pierre, Martinique, May 18.—The Spanish torpedoboot destroyer Terror and the hospital ship Alicante are still at Port De France. It is rumored that the repairs to the Terror are finished and that she will leave the harbor today. A Spanish vessel entered the harbor late last night, showing no lights, rapidly scouted and left immediately. Last evening an earthquake shock was distinctly felt here. This experience, combined with the excitement caused by the presence and movements of the Spanish warships, keeps up the public strain. There is no doubt that the Spanish fleet, which has been lying in these waters, has now left Martinique, going in the direction of Cuba or Porto Rico.

Guess Where the Fleet Is.

Curacao, Dutch West Indies, May 17.—The Spanish fleet is now supposed to be off the coast of Venezuela, or off the coast of Colombia. Only a portion of the fleet was allowed to enter this harbor to obtain provisions, cattle and coal, which were purchased here. Confirmation was obtained of the report that the Spaniards left one of their torpedoboots at Fort De France, Island of Martinique.

Treasury Statement.

Washington, May 18.—The statement of the condition of the treasury shows: Available cash balance \$207,068,907; gold reserve, \$176,415,905.

CORRESPONDENTS WARNED.

Measure Being Taken to Prevent Publication of Certain News.

Tampa, Fla., May 18.—Every newspaper correspondent at Tampa has been officially notified that in future no mention must be made of any small expedition similar to that of the Gussie last week until the success of the expedition has been assured by the return of the boat. Army officers are much chagrined over the failure to place the sorely needed arms, ammunition and supplies, with which the Gussie was stored, in the hands of the insurgents. They believe that, had not such wide publicity been given the affair, the chances for success would have been much greater. It had been arranged by Captain Dorst that the insurgents should meet the expedition and take care of the supplies, but the fact that the news of the contemplated departure of the Gussie was published, almost 12 hours before the hour fixed for leaving, was undoubtedly communicated to General Blanco at once and enabled him to establish an effective patrol of the coast.

The correspondents have also been notified that the paper publishing any such story before it is permissible to do so, will be debarred from sending any representative into Cuba.

YOUR COUNTRY MUST WIN.

Member of Austrian Reichstag Says His Country Is Against Spain.

Philadelphia, May 18.—A letter has been received by William C. Mountain of this city from his uncle, Edward Struske, a member of the Austrian Reichstag, in which the latter says that the sympathies of Austria are with the United States. Among other things the writer says: "God help the United States in their efforts to crush a cruel and savage nation. Your country must win, for it has humanity and civilization on its side. My heart throbs for your brave people. Keep on, free Cuba, make it independent and Austria will look on and applaud. Austria does not love Spain. We think your country big and glorious."

SPANISH SPY.

Stranger Arrested at St. Louis and Turned Over to Military Authorities.

St. Louis, May 18.—An unidentified man, suspected of being a Spanish spy, is under arrest at Jefferson barracks. He was found in the mule corral, and being unable to give an account of himself was turned over to the commandant. When searched a lot of Spanish correspondence was found on him. He spoke the Spanish language fluently. The man is 48 or 50 years old, and he spends his time in the guardhouse curing the American flag.

COLONEL W. J. BRYAN.

Ex-Presidential Candidate Commissioned by the Governor of Nebraska.

Lincoln, Neb., May 18.—William J. Bryan is to organize a third regiment of Nebraska volunteers, to tender their services to the president as soon as mustered. Governor Holcomb has issued him a commission as colonel, with authority to proceed, and Mr. Bryan says he will accept the command.

Volunteer Army.

Washington, May 18.—The volunteer army is rapidly nearing completion. Reports received by Adjutant General Corbin last night show that 92,580 men have been mustered in. Eighteen states have completed their quota, as follows: California, Georgia, Idaho, Indiana, Kansas, Maine, Maryland, Minnesota, Massachusetts, New Hampshire, Ohio, Oregon, Pennsylvania, Vermont, Washington, West Virginia, Wisconsin and Wyoming.

No Definite News of the Fleet.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McLREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle today?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Greenville, Texas, says:

"I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

JACKSON COUNTY CLAYS.

W. S. Batchley, state geologist has just issued a report on the clays of Jackson county. He made an examination last July for several days of clays along the B. & O. S. W. and the Southern Indiana railroads. His report shows a number of deposits of true argillaceous shale suitable for manufacturing vitrified brick and other vitrified products near White Creek, Surprise, Freetown, Shields and other places in the northern and western portion of the county.

An analysis of the shale at Blue Lick near Shields compared with the analysis of the shale at Veedersburg shows that the Blue Lick shale "contains almost three per cent. more alumina, and is, for that reason, that much stronger and better than the one from Veedersburg."

Mr. Batchley calls attention also to a report of the Ohio state geologist concerning a shale which corresponds almost exactly to that found in Jackson county. He calls attention to the unlimited possibilities for service in a practical way and says: "The adaptation to paving block manufacture in particular will be recognized and it will be at once shown as soon as it is used that no better material for this purpose is found in our entire series than this shale can supply."

Mr. Batchley comments on the fact that Seymour has used large quantities of brick for paving purposes brought from a distance when the raw material for making them was to be found in abundance by the side of a railway within six miles of the spot where they were used. He closes his report by saying: "The extra amount paid for transportation of these brick would have paid for a good plant for manufacturing them which, in the future, would have furnished labor for many hands."

* * * All things considered, no better point exists for locating the factory to supply the brick for these future pavements, than at "Blue Lick" in Jackson county."

Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house.—J. L. Moore, South Burgettstown, Pa. For sale by C. W. Milhouse.

FATAL ACCIDENT.

B. D. Knight Killed on the Southern Indiana this Morning.

This morning while B. D. Knight a brakeman on the Southern Indiana, was placing the pin for a coupling for the work train he somehow lost his footing and fell under the train which was moving slowly back. The train was stopped as quickly as possible, but not until the wheels had passed over him, striking his left side near the hip and running across the left leg close to the thigh and the right leg near the knee. Both legs and a part of the body were crushed. The accident occurred at the switch a short distance west of the depot about 7 o'clock. The unfortunate man was brought at once to the depot, and the railroad's surgeon Dr. M. F. Gerrish, was called. Realizing that it was only a question of a few hours until death would come, no attempt was made to amputate the limbs. Everything possible was done to make him comfortable and to keep him quiet and at 11:30 he died. The remains were taken to Husted's morgue to be prepared for shipment to his home. Mr. Knight was a man of robust appearance, 25 years old. His home was at Bonniwell, Ky. He had been railroad work for several years on the E. & N. railroad, and only yesterday began work on the Southern Indiana. He leaves a wife but no children. His brother-in-law, S. T. Byshear, who has been at work for the S. I. railroad near Williams, will be here this evening to take charge of the remains.

MAY GO TO MANILA.

The 159th May See Service on a Far Off Battle Field.

The 159th Indiana which contains the Jackson county boys who remained at the front, and are still in camp at Indianapolis, have a good prospect of getting a good way from home if the war continues long. Soon after Admiral Dewey's victory in the Philippines, Governor Mount telegraphed the war department asking that if troops were to be sent to Manila, that Indiana might be allowed to furnish one regiment. The reply was not favorable then, but it seems that the number of men to be sent is to be increased, and yesterday afternoon a telegram came to Camp Mount from Russell Harrison that the 159th would possibly be given a choice between going to Manila and doing coast defense at Seattle. Major Stunkard immediately telegraphed in reply that the regiment preferred to go to Manila and asked that all the influence possible be used toward that end. In the light of this telegram it is believed that Indiana may still have representation on the field of Dewey's brilliant victory, and when the news became general in the camp the boys grew enthusiastic over the prospect of such distinguished service and ceased to moan about their misfortune in being left behind when the other regiments went to Chickamauga.

A CUBAN CAMPAIGN.

SECRETARY ALGER WORKING ON PLANS TO-DAY.

Flying Squadron at Key West—Blanco Expecting Spanish Fleet.

Special Dispatch to the REPUBLICAN.

WASHINGTON, May 18.—Since the severe rules concerning the giving out of news by the department were issued it has been exceedingly difficult to get any war news that is reliable or official in any sense. Though nothing definite can be learned indications are that Secretary Alger is hard at work today getting plans for the Cuban campaign in shape for an early move from Tampa.

Flying Squadron at Key West.

KEY WEST, May 18.—Schley's flying squadron which left Hampton Roads a few days ago arrived here this morning with all well. It is said that the squadron will convey transports for troops for the invasion of Cuba.

Blanco Expects Spanish Fleet.

HAVANA, May 18.—The fact that General Blanco is hourly expecting the arrival of the Spanish Cape Verde fleet is evidenced by the fact that the lights are now burned all night in Morro Castle in order to guide the ships through the channel. It is thought the fleet may approach the island and attempt to slip into the harbor under cover of darkness.

Cable to be Cut.

KEY WEST, May 18.—Another piece of work outlined for the fleet is to cut the cable at Santiago de Cuba in order to complete the isolation of General Blanco at Havana.

G. A. R. ENCAMPMENT.

IMMENSE THROGS AT OUR SISTER CITY COLUMBUS.

Everyone Made Welcome.—Plenty of Candidating For The Officers.

Special Correspondence to the REPUBLICAN.

COLUMBUS, Ind., May 8.—Columbus is thronged with people from all parts of the state. The veterans are here in large numbers as are the Sons of Veterans, members of the Woman's Relief Corps and other auxiliary organizations. This afternoon and night the real crowd will be here, but all who come will be properly cared for.

The meeting last night at the several headquarters were turned into receptions and were much enjoyed by all. The G. A. R. official headquarters at the Belvedere Hotel were especially crowded. The candidates for the department offices were more than friendly to every comrade whose hand they grasped. The candidates began early and will continue until the voting is done. At this time Comrade Dan Ryan seems to be the most formidable candidate for department commander, but his election is not yet assured. Other candidates are R. T. Finney, New Albany, Daniel L. Brown, Indianapolis, and R. B. Campbell, of Anderson.

There is present a large representation of the W. R. C. and at headquarters last night it was the belief that this would the largest meeting of this organization ever held in the state. Mrs. Hadley is the only announced candidate for president.

The S. of V. have their headquarters at the St. Dennis hotel. There is present here a fine body of young men, many of whom have gained prominence in the state and are well known. There is considerable candidating among them but the indications now point to the reelection of R. S. Thompson, of Rising Sun, as Commander.

Today will be the big day of the encampment, and the meetings today and tonight will be of central importance.

The military and industrial parade move at 1:30 this afternoon.

The campfires are to take place tonight at the City hall, Crump's theatre and Court room.

The election and installation of officers will take place Thursday. On Thursday night Hon. Henry Waterson will deliver his famous lecture on Lincoln.

FATAL ACCIDENT.

B. D. Knight Killed on the Southern Indiana this Morning.

This morning while B. D. Knight a brakeman on the Southern Indiana, was placing the pin for a coupling for the work train he somehow lost his footing and fell under the train which was moving slowly back. The train was stopped as quickly as possible, but not until the wheels had passed over him, striking his left side near the hip and running across the left leg close to the thigh and the right leg near the knee. Both legs and a part of the body were crushed. The accident occurred at a switch a short distance west of the depot about 7 o'clock. The unfortunate man was brought at once to the depot, and the railroad's surgeon Dr. M. F. Gerrish, was called. Realizing that it was only a question of a few hours until death would come, no attempt was made to amputate the limbs. Everything possible was done to make him comfortable and to keep him quiet and at 11:30 he died. The remains were taken to Husted's morgue to be prepared for shipment to his home. Mr. Knight was a man of robust appearance, 25 years old. His home was at Bonniwell, Ky. He had been railroading for several years on the E. & N. railroad, and only yesterday began work on the Southern Indiana. He leaves a wife but no children. His brother-in-law, S. T. Brashear, who has been at work for the S. I. railroad near Williams, will be here this evening to take charge of the remains.

MAY GO TO MANILA.

The 169 May See Service on a Far Off Battle Field.

The 159th Indiana which contains the Jackson county boys who remained at the front, and are still in camp at Indianapolis, have a good prospect of getting a good way from home if the war continues long. Soon after Admiral Dewey's victory in the Philippines, Governor Mount telegraphed the war department asking that if troops were to be sent to Manila, that Indiana might be allowed to furnish one regiment. The reply was not favorable then, but it seems that the number of men to be sent is to be increased, and yesterday afternoon a telegram came to Camp Mount from Russell Harrison that the 159th would possibly be given a choice between going to Manila and doing coast defense at Seattle. Major Stunkard immediately telegraphed in reply that the regiment preferred to go to Manila and asked that all the influence possible be used toward that end. In the light of this telegram it is believed that Indiana may still have representation on the field of Dewey's brilliant victory, and when the news became general in the camp the boys grew enthusiastic over the prospect of such distinguished service and ceased to moan about their misfortune in being left behind when the other regiments went to Chickamauga.

A CUBAN CAMPAIGN.

SECRETARY ALGER WORKING ON PLANS TO-DAY.

Flying Squadron at Key West—Blanco Expecting Spanish Fleet.

Special Dispatch to the REPUBLICAN.

WASHINGTON, May 18.—Since the severe rules concerning the giving out of news by the department were issued it has been exceedingly difficult to get any war news that is reliable or official in any sense. Though nothing definite can be learned indications are that Secretary Alger is hard at work today getting plans for the Cuban campaign in shape for an early move from Tampa.

Flying Squadron at Key West.

KEY WEST, May 18.—Schley's flying squadron which left Hampton Roads a few days ago arrived here this morning with all well. It is said that the squadron will convey transports for troops for the invasion of Cuba.

Blanco Expects Spanish Fleet.

HAVANA, May 18.—The fact that General Blanco is hourly expecting the arrival of the Spanish Cape Verde fleet is evidenced by the fact that the lights are now burned all night in Morro Castle in order to guide the ships through the channel. It is thought the fleet may approach the island and attempt to slip into the harbor under cover of darkness.

Cable to be Cut.

KEY WEST, May 18.—Another piece of work outlined for the fleet is to cut the cable at Santiago de Cuba in order to complete the isolation of General Blanco at Havana.

G. A. R. ENCAMPMENT.

IMMENSE THROGS AT OUR SISTER CITY COLUMBUS.

Everyone Made Welcome.—Plenty of Candidates For The Officers.

Special Correspondence to the REPUBLICAN.

COLUMBUS, Ind., May 8.—Columbus is thronged with people from all parts of the state. The veterans are here in large numbers as are the Sons of Veterans, members of the Woman's Relief Corps and other auxiliary organizations. This afternoon and night the real crowd will be here, but all who come will be properly cared for.

The meeting last night at the several headquarters were turned into receptions and were much enjoyed by all. The G. A. R. official headquarters at the Belvedere Hotel were especially crowded. The candidates for the department offices were more than friendly to every comrade whose hand they grasped. The candidates began early and will continue until the voting is done. At this time Comrade Dan Ryan seems to be the most formidable candidate for department commander, but his election is not yet assured. Other candidates are R. T. Finney, New Albany, Daniel L. Brown, Indianapolis, and R. B. Campbell, of Anderson.

There is present a large representation of the W. R. C. and at headquarters last night it was the belief that this would the largest meeting of this organization ever held in the state. Mrs. Hadley is the only announced candidate for president.

The S. of V. have their headquarters at the St. Dennis hotel. There is present here a fine body of young men, many of whom have gained prominence in the state and are well known. There is considerable candidating among them but the indications now point to the reelection of R. S. Thompson, of Rising Sun, as Commander.

Today will be the big day of the encampment, and the meetings today and tonight will be of central importance.

The military and industrial parade move at 1:30 this afternoon.

The campfires are to take place tonight at the City hall, Crump's theatre and Court room.

The election and installation of officers will take place Thursday. On Thursday night Hon. Henry Waterson will deliver his famous lecture on Lincoln.

Died—Miss Margaret Hedrick, an old pioneer of this place, who was paralyzed about four weeks ago, died at her home Friday, May 13, 1893. At the time of her death she was 74 years, 9 months and 12 days old, having resided at this place for over 44 years. She united with the Christian church 50 years ago and has lived a faithful and zealous Christian ever since. She has six sisters and one brother, all of whom have preceded her to the grave, except one aged sister, who is but a few years her junior, who was her only companion. The funeral service was conducted at the residence by Elder G. M. Shuttles, of Brownstown, after which the remains were laid to rest in the cemetery.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled for sale by C. W. Milhouse.

On same dates a round trip ticket will be sold at rate of \$7.25, limited to ten days from date of sale.

These very low rates are made to enable old soldiers, their families and visitors to the city, on the occasion named, to make a side trip to Chickamauga (Chattanooga).

The tickets are good for passage on the finest limited trains of the Queen & Crescent Route.

The trip is the most inspiring one the veteran can find, and the rate is such that few of them will find it impossible to take it. Remember the rate, \$5.00 for the round trip to visit old Lookout, Missionary Ridge and ever memorable Chickamauga via the Queen & Crescent.

Died—Miss Margaret Hedrick, an old pioneer of this place, who was paralyzed about four weeks ago, died at her home Friday, May 13, 1893. At the time of her death she was 74 years, 9 months and 12 days old, having resided at this place for over 44 years. She united with the Christian church 50 years ago and has lived a faithful and zealous Christian ever since. She has six sisters and one brother, all of whom have preceded her to the grave, except one aged sister, who is but a few years her junior, who was her only companion. The funeral service was conducted at the residence by Elder G. M. Shutt, of Brownstown, after which the remains were laid to rest in the cemetery.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled for sale by C. W. Milhouse.

R. encampment in Cincinnati, September 5th to 10th, round trip tickets from Cincinnati via the Queen & Crescent route on September 8, 9, and 10 to Chickamauga at rate of \$5.00, good to return four days from date of sale. On same dates a round trip ticket will be sold at rate of \$7.25, limited to ten days from date of sale.

These very low rates are made to enable old soldiers, their families and visitors to the city, on the occasion named, to make a side trip to Chickamauga (Chattanooga).

The tickets are good for passage on the finest limited trains of the Queen & Crescent Route.

The trip is the most inspiring one the veteran can find, and the rate is such that few of them will find it impossible to take it. Remember the rate, \$5.00 for the round trip to visit old Lookout, Missionary Ridge and ever memorable Chickamauga via the Queen & Crescent.

Miraculous Benefit
RECEIVED FROM
Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from catarrh which affected my heart. In the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Ninety-two Thousand Men Represent-

General Miles Says There Will Not Be
Another Call For Troops For Some
Time—Spanish Warships Off Ecuador.

Washington, May 18.—The official
bulletin boards fail to yield any news
of the movements of either of the three
fleets—Sampson's, Schley's and the
Spanish flying squadron—and there is
reason to believe that the department
itself has received no information on
that point. Every day there is talk of
a change in the naval plans brought about
by some movement of the Spanish
squadron, but what the latest phase of
campaign is nobody outside of the
war board is competent to say.

The general impression is that no par-
ticular effort is to be made just now to
pursue the Spaniards so long as they
keep within the confines of the Gulf of
Mexico and the Caribbean sea, but that
Sampson and Schley, in combination,
will encircle the island of Cuba, main-
tain the blockade and convey troops
across the Florida straits if necessary,
meanwhile simply keeping a watch on
the Spanish flying squadron to see that
it does not do mischief either to the
American fleet or by escaping into the
Atlantic, to the seaboard cities. By this
plan the military and naval officials
might hope to silence the rather severe
criticisms that are being expressed be-
cause of the delays in opening the mil-
itary campaign in Cuba itself.

Want the Campaign Hastened.
Considerable pressure has come upon
the administration from congressional
quarters to have the campaign hastened.

and there are thought to be signs of a
resumption of the plans of the military
leaders for the invasion of Cuba at the
point where they were suddenly sus-
pended by the announcement of the ar-
rival of the Spanish flying squadron at
Martinique. One sign of this was the
inclusion in the regular army orders of
a direction to Captain Alger to go to
Tampa to join General Miles.

The department professes to feel no
apprehension that Admiral Dewey or
his men are in any wise endangered by
their occupation of Manila harbor on the
present basis, but this cannot be said
of the unfortunate inhabitants of Manila
if the present situation is pro-
tracted unduly.

There are indications that the war de-
partment has been brought to see the
wisdom and fairness of the suggestions
thrown out by Major General Merritt

ADMIRAL DEWEY,
[Commander of the Spanish Flying
Squadron.]

that his expedition to Manila should
consist of not less than 15,000 men and
that at least a third of them should be
seasoned troops from the regular army,
capable of meeting on even terms the
veteran Spanish soldiers who garrison
Manila.

To endeavor to overcome the Spanish
force with less than half their number
of troops would seem to be a senseless
proceeding in view of the fact that
there is no necessity for such a course.
General Merritt took occasion to deny
very emphatically the accuracy of cer-
tain newspaper interviews published
yesterday which placed him in the po-
sition of refusing to obey an order to
proceed to the Philippines because his force
was insufficient.

Reports received here from Key West
show that the condition of the little tor-
pedoboot Winslow is much worse than
was supposed, and it will be necessary
in all probability to have her come to
Norfolk for repairs. One shot smashed
her low pressure starboard cylinder and
another traversed one of her boilers. It
would be possible to get along under one
boiler and reduce the starboard engine
from a quadruple to a triple expansion,
but the efficiency of the boat would be
very much lowered thereby.

General Miles, commanding the army,
said yesterday that it was not the in-
tention of the president to call for an
additional number of volunteers at this
time. It is suggested that such a call
at present would be a little premature in
view of the fact that but a little over
80,000 of those troops already called for
had been mustered into the service of
the government.

CHICKAMAUGA.

Brigade Assignments Made by General
Brooke—Men In Camp.

Chickamauga National Park, Ga.,
May 18.—Last night 11 regiments of in-
fantry, 12,000 men all told, had reported
to General Brooke, in command of the
Chickamauga army. The different regi-
ments have been provided with camp-
ing grounds, tents and equipments as
rapidly as possible and the historic bat-
tlefield begins to present proof of what
the United States can do in the way of
assembling a volunteer army when the
necessities of the government require.

General Brooke has completed the as-
signments for the first division of the
Sixth provisional army corps, Major
General James H. Wilson commanding,
as follows:

First brigade—Brigadier General A.
S. Burt; First Ohio, Colonel Hunt;
Third Wisconsin, Colonel Martin T.
Moore; Fifth Illinois, Colonel J. S. Cul-
ver.

Second brigade—Brigadier General
D. E. Compton; Fourth Ohio, Colonel
G. A. Coit; Third Illinois, Colonel Fred
Bennett; Fourth Pennsylvania, Colonel
D. B. Case.

Third brigade—Brigadier General H.
W. Lawton; Sixteenth Pennsylvania,
Colonel Huling; Second Wisconsin, Col-
onel G. A. Born; One Hundred and
Fifty-seventh Indiana, Colonel George
M. Studebaker.

The first battalion, First Ohio light
artillery arrived yesterday with 406 men
and officers under command of Major
Charles T. Atwell.

The One Hundred and Sixtieth Indi-
ana, 1,026 companies, 1,026 officers and
men, arrived last evening. The regi-
ment is commanded by Colonel George
W. Gauder.

The One Hundred and Fifty-eighth
Indiana infantry arrived at Chattanooga
at 10 o'clock last night. The regiment
has 1,024 officers and men and is com-
manded by Colonel Harry B. Smith.
They were sidetracked at the barracks
switch and reached the park this morn-
ing.

The Second Ohio infantry has arrived.
The regiment has 11 companies, 816 of-
ficers and men, and is in command of
Colonel J. A. Kuert.

There is a scarcity of brigadier gen-
erals for the provisional army and Gen-
eral Brooke will appoint brigadiers for
his provisional army from the ranking
officers of the various regiments as they
report for duty.

All the troops so far arrived have

CAVITE ARSENAL EMPTY

An Archbishop's Appeal
In Behalf of Spain.

American Newspaper Correspondents Ar-
rested in Havana Are Locked Up as
Spies and Will Not Be Treated as
Prisoners of War—Spanish Torpedoboot
Destroyer Terror Expected to Leave
Port De France Today.

Hong Kong, May 18.—The steamer
Esmeralda, which has just arrived from
Manila with 400 refugees, chiefly Chi-
nese, reports that the United States
cruisers Concord and Boston are going
to Iloilo, where they expect prompt
capture and to recapture the Ameri-
can ship Saranak with a cargo of coal.
The blockade at Manila is extremely
rigid and several foreign ships have
been refused admittance.

The rebels are useless as allies of Ad-
miral Dewey. They are utterly dis-
united, quite half of them being in
favor of Spain. The Cavite arsenal was
found empty. Colonel Miguel of the
artillery, committed suicide because he
discovered that the ammunition was
non-existent.

Spain General Augusti is trying to
conciliate the rebels and has authorized
the establishment of native councils.
The archbishop of Manila, in a pastoral
issued on the 8th inst., said:

"Christians, defend your faith against
heretics who raise an insuperable bar-
rier to immortal souls, enslave the peo-
ple, abolish crosses from cemeteries, for-
bid pastors to perform baptism, mari-
mony or funeral rites or to administer
consolation or grant absolution."

Pending the arrival of troops from
the United States, the Americans defer
hostilities ashore.

HELD AS SPIES.
American Newspaper Men Arrested at
Havana Not Prisoners of War.

Madrid, May 18.—It is announced
here in a dispatch from Havana that
after the arrival of the Ucaas off that
port the two captured American news-
paper men were examined and, it is
added, that the inquiry revealed the
fact that they could not be considered
as prisoners of war, but must be locked
up as spies, one being, it is claimed,
a Cuban employed in Havana. It is fur-
ther alleged that upon the prisoners
were found revolvers, cartridges, inter-
esting documents and a camera. Ad-
vice received here confirm the report
that Freeman Halstead, the American
newspaper correspondent arrested at
San Juan de Porto Rico, was taken into
custody while in the act of taking photo-
graphs of the fortifications. He has
been court-martialed and sentenced to
prison for nine years.

A report is current here that the Span-
ish flotilla at Havana is about to make
another sortie.

The newspapers here assert that let-
ters for Spain, even letters containing
checks and other valuables, have been
stopped at New York and destroyed.
The papers demand that the government
make reprisals upon American residents
in Spain, especially in the case of the
correspondence of American newspa-
pers.

He Is a British Subject.
Ottawa, Ont., May 18.—The secretary
of state is inquiring into the circum-
stances surrounding the arrest of Free-
man Halstead, the newspaper corre-
spondent under sentence of nine years
imprisonment at San Juan. He is
a British subject and the Canadian
government will doubtless demand his
release through the imperial authorities.

SPANISH TERROR.
Torpedoboot Destroyer Expected to Leave
Port De France Today.

St. Pierre, Martinique, May 18.—The
Spanish torpedoboot destroyer Terror
and the hospital ship Alicante are still
at Port De France. It is rumored that
the repairs to the Terror are finished
and that she will leave the harbor to-
day.

A Spanish vessel entered the harbor
late last night, showing no lights, rap-
idly scouted and left immediately.

Last evening an earthquake shock
was distinctly felt here. This experi-
ence, combined with the excitement
caused by the presence and movements
of the Spanish warships, keeps up the
public strain. There is no doubt that
the Spanish fleet, which has been lying
in these waters, has now left Martini-
que going in the direction of Cuba or
Porto Rico.

Guess Where the Fleet Is.
Curacao, Dutch West Indies, May 17.
—The Spanish fleet is now supposed to
be off the coast of Venezuela, or off the
coast of Colombia. Only a portion of
the fleet was allowed to enter this har-
bor to obtain provisions, cattle and coal,
which were purchased here. Confirma-
tion was obtained of the report that
the Spaniards left one of their torped-
oboots at Port De France, Island of
Martinique.

ment of the condition of the treasury

CORRESPONDENTS WARNED.

Measure Being Taken to Prevent Publi-
cation of Certain News.

Tampa, Fla., May 18.—Every news-
paper correspondent at Tampa has been
officially notified that in future no men-
tion must be made of any small expe-
dition similar to that of the Gussie last
week until the success of the expedition
has been assured by the return of the
boat. Army officers are much chagrined
over the failure to place the
sorely needed arms, ammunition and
supplies, with which the Gussie was
stored, in the hands of the insurgents.
They believe that, had not such wide
publicity been given the affair, the
chances for success would have been
much greater. It had been arranged by
Captain Dorst that the insurgents should
meet the expedition and take care of the
supplies, but the fact that the news of
the contemplated departure of the Gus-
sie was published, almost 12 hours be-
fore the hour fixed for leaving, was un-
doubtedly communicated to General
Blanco at once and enabled him to es-
tablish an effective patrol of the coast.

The correspondents have also been no-
tified that the paper publishing any
such story before it is permissible to do
so, will be debarred from sending any
representative into Cuba.

YOUR COUNTRY MUST WIN.

Member of Austrian Reichstag Says His
Country Is Against Spain.

Philadelphia, May 18.—A letter has
been received by William C. Mountain
of this city from his uncle, Edward
Struschke, a member of the Austrian
Reichstag, in which the latter says that
the sympathies of Austria are with the
United States. Among other things
the writer says: "God help the United
States in their efforts to crush a cruel
and savage nation. Your country must
win, for it has humanity and civilization
on its side. My heart throbs for your
brave people. Keep on, free Cuba,
make it independent and Austria will
look on and applaud. Austria does not
love Spain. We think your country
big and glorious."

SPANISH SPY.

Stranger Arrested at St. Louis and Turned
Over to Military Authorities.

St. Louis, May 18.—An unidentified
man, suspected of being a Spanish spy,
is under arrest at Jefferson barracks.
He was found in the mule corral, and
being unable to give an account of him-
self was turned over to the commandant.
When searched a lot of Spanish corre-
spondence was found on him. He spoke
the Spanish language fluently. The man
is 48 or 50 years of age and he spends his
time in the guardhouse cursing the
American flag.

COLONEL W. J. BRYAN.

Ex-Senatorial Candidate Commissioned
by the Governor of Nebraska.

Lincoln, Neb., May 18.—William J.
Bryan is to organize a third regiment of
Nebraska volunteers, to tender their
services to the president as soon as mus-
tered. Governor Holcomb has issued
him a commission as colonel, with au-
thority to proceed, and Mr. Bryan says
he will accept the command.

Volunteer Army.

Washington, May 18.—The volunteer
army is rapidly nearing completion.
Reports received by Adjutant General
Corbin last night show that 92,580 men
have been mustered in. Eighteen states
have completed their quota, as follows:
California, Georgia, Idaho, Indiana,
Kansas, Maine, Maryland, Minnesota,
Massachusetts, New Hampshire, Ohio,
Oregon, Pennsylvania, Vermont, Wash-
ington, West Virginia, Wisconsin and
Wyoming.

No Definite News of the Fleet.

Key West, May 18.—Incoming vessels
report that all is quiet on the blockade
line. The German steamer Polaris has
arrived here and will proceed to Havana
under a special permit from the state
department. She will carry Senor G.
Bock, a prominent cigar manufacturer
of the Cuban capital, and several cor-
respondents for English newspapers.
There is no definite news of the fleet.

Famine and Blockade.

London, May 18.—The Hong Kong
correspondent of The Standard says:
"It is expected owing to the strict block-
ade and the famine resulting from it,
that the city of Manila will soon be com-
pelled to capitulate to the American
blockading squadron under Admiral
Dewey."

sistant quartermaster, with the rank of

Attleboro, Mass., May 18.—At an early

elry factories, representing practically
the town's entire wealth, were destroyed
by fire. Three thousand workmen are
out of employment, and the loss is over
\$1,000,000.

Washington, May 18.—Representative
Farris of Indiana has introduced a bill
for the removal of all charges of en-
listment in the confederate army now
standing against any soldier who served
in the Union army in the late war, as
regular or volunteer, where the enlisted
man was held as a prisoner of war and
afterward rejoined his company and
was honorably discharged.

GLADSTONE.

England's Grand Old Man Dying at Har-
warden.

London, May 18.—According to a spe-
cial dispatch from Harwarden received
this morning Mr. Gladstone is sinking
rapidly. The correspondent says: "He
lies on a small iron bed, peacefully sleep-
ing away into the land of shades. The

family and others are all sitting around
him, or moving noiselessly in and out.
It is a pathetic scene that is being en-
acted.

Dr. Dobie doubts that his patient was
conscious at any time on Tuesday,
though he said 'yes' and 'no'; nor does
the physician believe that Mr. Gladstone
recognized any one. Nevertheless, he
suffered no pain whatever, but just lay
with his head facing the light, his
hands sometimes outside the counter-
pane and sometimes hidden beneath.
His grand face bears a most peaceful
and beautiful look.

The physicians think that Mr. Glad-
stone will never speak again. He is in
deep sleep, while the members of the
family keep up the final vigil beside the
dying statesman.

Shot From Ambush.

Greenup, Ky., May 18.—Sherman
Patrick and R. B. Allen, of near Argil-
lite, this county, had a fight. About
two hours afterward Allen got his Win-
chester, and, sneaking up in the brush
near Patrick's home, shot him through
the breast. He died shortly afterward.
Allen escaped.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McLREE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZENA LEWIS, of Oneville, Texas, says: "I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."

JACKSON COUNTY CLAYS.

W. S. Batchley, state geologist has just issued a report on the clays of Jackson county. He made an examination last July for several days of clays along the B. & O. S. W. and the Southern Indiana railroads. His report shows a number of deposits of true argillaceous shale suitable for manufacturing vitrified brick and other vitrified products near White Creek, Surprise, Freetown, Shields and other places in the northern and western portion of the county.

An analysis of the shale at Blue Lick near Shields compared with the analysis of the shale at Veedersburg shows that the Blue Lick shale "contains almost three per cent. more alumina, and is, for that reason, that much stronger and better than the one from Veedersburg."

Mr. Blatchley calls attention also to a report of the Ohio state geologist concerning a shale which corresponds almost exactly to that found in Jackson county. He calls attention to the unlimited possibilities for service in a practical way and says: "Their adaptation to paving block manufacture in particular will be recognized and it will be as good as shown as soon as it is used that no better material for this purpose is found in our entire series than this shale can supply."

Mr. Blatchley comments on the fact that Seymour has used large quantities of brick for paving purposes brought from a distance when the raw material for making them was to be found in abundance by the side of a railway within six miles of the spot where they were used. He closes his report by saying: "The extra amount paid for transportation of these brick would have paid for a good plant for manufacturing them which, in the future, would have furnished labor for many hands."

All things considered, no better point exists for locating the factory to supply the brick for these future pavements, than at Blue Lick in Jackson county."

Give the Children a Drink

Called Grain-O. It is a delicious, appetizing nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Costs about as much as coffee. 15 and 25c.

CLOSING OUT

FATAL ACCIDENT.

B. D. Knight Killed on the Southern Indiana this Morning.

This morning while B. D. Knight, a brakeman on the Southern Indiana, was placing the pin for a coupling for the work train he somehow lost his footing and fell under the train which was moving slowly back. The train was stopped as quickly as possible, but not until the wheels had passed over him, striking his left side near the hip and running across the left leg close to the thigh and the right leg near the knee. Both legs and a part of the body were crushed. The accident occurred at the switch a short distance west of the depot about 7 o'clock. The unfortunate man was brought at once to the depot, and the railroad's surgeon Dr. M. F. Gerrish, was called. Realizing that it was only a question of a few hours until death would come, no attempt was made to amputate the limbs. Everything possible was done to make him comfortable and to keep him quiet and at 11:30, he died. The remains were taken to Husted's morgue to be prepared for shipment to his home. Mr. Knight was a man of robust appearance, 23 years old. His home was at Bonniwell, Ky. He had been railroaded for several years on the E. & N. railroad, and only yesterday began work on the Southern Indiana. He leaves a wife but no children. His brother-in-law, S. T. Bashner, who has been at work for the S. I. railroad near Williams, will be here this evening to take charge of the remains.

MAY GO TO MANILA.

The 159 May See Service on a Far Off Battle Field.

The 159th Indiana which contains the Jackson county boys who remained at the front, and are still in camp at Indianapolis, have a good prospect of getting a good way from home if the war continues long. Soon after Admiral Dewey's victory in the Philippines, Governor Mount telegraphed the war department asking that if troops were to be sent to Manila, that Indiana might be allowed to furnish one regiment. The reply was not favorable then, but it seems that the number of men to be sent is to be increased, and yesterday afternoon a telegram came to Camp Mount from Russell Harrison that the 159th would possibly be given a choice between going to Manila and doing coast defense at Seattle. Major Stunk and immediately telegraphed in reply that the regiment preferred to go to Manila and asked that all the influence possible be used toward that end. In the light of this telegram it is believed that Indiana may still have representation on the field of Dewey's brilliant victory, and when the news became general in the camp the boys grew enthusiastic over the prospect of such distinguished service and ceased to moan about their misfortune in being left behind when the other regiments went to Chickamauga.

A CUBAN CAMPAIGN.

SECRETARY ALGER MORKING ON PLANS TO-DAY.

Flying Squadron at Key West—Blanco Expecting Spanish Fleet.

Special Dispatch to the REPUBLICAN.

WASHINGTON, May 18.—Since the severe rules concerning the giving out of news by the department were issued it has been exceedingly difficult to get any war news that is reliable or official in any sense. Though nothing definite can be learned indications are that Secretary Alger is hard at work today getting plans for the Cuban campaign in shape for an early move from Tampa.

Flying Squadron at Key West.

KEY WEST, May 18.—Schley's flying squadron which left Hampton Roads a few days ago arrived here this morning with all well. It is said that the squadron will convey transports for troops for the invasion of Cuba.

Blanco Expects Spanish Fleet.

HAVANA, May 18.—The fact that General Blanco is hourly expecting the arrival of the Spanish Cape Verde fleet is evidenced by the fact that the lights are now burned all night in Morro Castle in order to guide the ships through the channel. It is thought the fleet may approach the island and attempt to slip into the harbor under cover of darkness.

Cable to be Cut.

KEY WEST, May 18.—Another piece of work outlined for the fleet is to cut the cable at Santiago de Cuba in order to complete the isolation of General Blanco at Havana.

G. A. R. ENCAMPMENT.

IMMENSE THROGS AT OUR SISTER CITY COLUMBUS.

Everyone Made Welcome.—Plenty of Candidates For The Officers.

Special Correspondence to the REPUBLICAN.

COLUMBUS, Ind., May 8.—Columbus is thronged with people from all parts of the state. The veterans are here in large numbers as are the Sons of Veterans, members of the Woman's Relief Corps and other auxiliary organizations. This afternoon and night the real crowd will be here, but all who come will be properly cared for.

The meeting last night at the several headquarters were turned into receptions and were much enjoyed by all. The G. A. R. official headquarters at the Belvedere Hotel were especially crowded. The candidates for the department offices were more than friendly to every comrade whose hand they grasped. The candidates began early and will continue until the voting is done. At this time Comrade Dan Ryan seems to be the most formidable candidate for department commander, but his election is not yet assured. Other candidates are R. T. Finney, New Albany, Daniel L. Brown, Indianapolis, and R. B. Campbell, of Anderson.

There is present a large representation of the W. R. C. and at headquarters last night it was the belief that this would the largest meeting of this organization ever held in the state. Mrs. Hadley is the only announced candidate for president.

The S. of V. have their headquarters at the St. Dennis hotel. There is present here a fine body of young men, many of whom have gained prominence in the state and are well known. There is considerable candidating among them but the indications now point to the reelection of R. S. Thompson, of Rising Sun, as Commander.

Today will be the big day of the encampment, and the meetings today and tonight will be of central importance.

The military and industrial parade move at 1:30 this afternoon.

The campfires are to take place tonight at the City hall, Crump's theatre and Court room.

The election and installation of officers will take place Thursday. On Thursday night Hon. Henry Waterson will deliver his famous lecture on Lincoln.
